At the same time, the effort for adaptive synthesis and mastery an ego motive may come about in a temporary abeyance of ego control and may yield unique and novel forms of integration and insights into environmental realities-a conception which Kris brought into prominence while attempting to determine the conditions necessary for artistic creativity. Although these people may well have pulled the trigger on more occasions than most, I was stunned by how often the proud and truly great people of that continent were betrayed by the US government and military. The editor has not thought it

necessary either to give specific credit for all the information gained from original or secondary sources, or to claim credit for whatever may be new in the apparatus of this book. There was a careful selection of artisan breads, cereals, meats, and a gorgeous a la carte menu of hot breakfast meals.

It would be my first stop on the way south. I will use as a study of Korean learners of  
Decolonizing the Curatorial.
